Namakkal, Tamil Nadu

Experience

String Consultants

February 2024 – Present

UI/UX Designer Intern

Erode, Tamil Nadu

- Assisted in enhancing the overall product design, contributing to improved user experience.
- Developed and tailored three WordPress websites, implementing HTML and CSS to improve their design and functionality.
- Made an introduction video with Illustrator and After Effects for marketing purposes, along with fresh post designs and mockup photos.
- Conducted research on design studies, gaining valuable insights and expanding design knowledge.

Projects

Parking Spot App - UI/UX Case study | Figma

[Live](#)

- In order to solve parking space concerns, a new design was made in Figma with an emphasis on enhancing the user experience.
- Applied user research techniques and a structured design process to gather insights and develop effective solutions.
- Implemented a parking spot app aimed at easing parking issues in high-traffic areas.

Music Concert Website | HTML, CSS, JavaScript, React Js, jQuery

[Github](#) | [Live](#)

- Designed a new website for a music concert using Figma to create a visually appealing layout.
- ReactJS, HTML, CSS, JavaScript, and jQuery were used in the website's development to ensure accessibility and functionality.
- Added a page for all music directors' concerts and a search bar for users to find their favorite events.

Personal Portfolio Website | HTML, CSS, JavaScript

[GitHub](#) | [Live](#)

- Built a personal portfolio landing website with a custom design specifically crafted to highlight individual work.
- Utilized HTML, CSS, and JavaScript to build and implement the website's features and functionality.
- Structured the website with key sections: home, about, skills, certification, projects, and contact.

Personal Portfolio Website Design | Figma

[Live](#)

- Crafted a tailored landing page design for a portfolio website, prioritizing a distinctive and interactive user experience.
- Conducted research to identify design challenges and gathered insights from various web resources to refine the design.
- Implemented design solutions based on research to improve the functionality and visual appeal of the portfolio website.
